

We're here for you

Dear Patients!

COVID-19 is in the news everywhere, and we are closely monitoring the situation. We're reaching out to assure you that you are safe at Linton Dental Center.

We already, as a daily practice, assure universal precautions as outlined by CDC and OSHA standards of infection control. Safety is always our number one focus. Our high standard of care ensures that your trust and safety are never compromised. Our personal protective equipment looks different than in the past.

We are taking extended measures to further protect all our patients and team with the following additional protocols:

- In compliance with the recommendations for public health, anyone with a cough or fever will not be allowed in the building and should stay home. We will be happy to reschedule your appointment for a later date. Please call 701-254-4521.**
- Adults, please only bring yourself to your appointment.**
- If you are a parent bringing your child, please only bring the child with the scheduled appointment. Parents will be asked to wear a mask when staying with the child at the operator.**
- Before your appointment, you have the option to stay in your car instead of the waiting room until we're ready to seat you in your personal operator. Simply call us when you arrive, and we will let you know when we're ready for you.**

- **Upon entering Linton Dental Center, please wear your own mask; we will take your temperature and you will be asked to sanitize your hands. If you do not have masks we will be able to provide you with cloth masks.**
- **At the beginning of every appointment, you will be asked to do a mouth rinse which has anti-fungal, anti-bacterial and anti-viral properties**
- **Additionally, we are requesting you sanitize your hands before re-entering the business areas.**
- **Full payments and co-pays are due at the time of service. We DO NOT accept CASH for the moment. Checks and credit cards will be accepted.**

You can be assured the safety measures at Linton Dental Center will continue to evolve as more information develops.

Stay well, hydrate, eat nutritiously, and get plenty of sleep.

We look forward to serving you,

Dr. Cris Turman and the team at Linton Dental Center
